

Gaia® YOGA MAT

360interchange.com

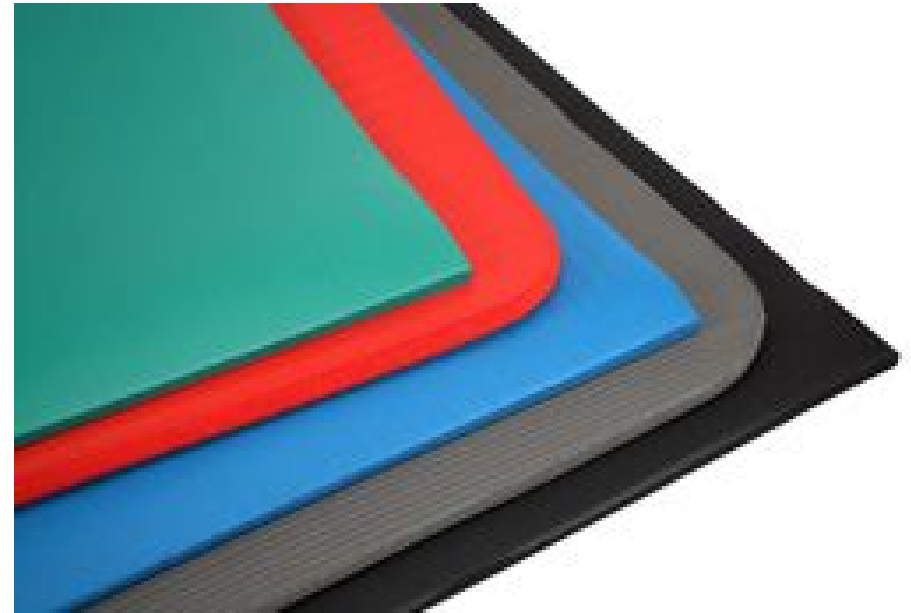

Features:

- Eco-friendly rubber foam
- PVC, latex and phthalate free
- Meets the EUs RoHS regulations
- Excellent shock absorption
- Lightweight and durable

Gaia® Yoga/Exercise Mats

Gaia® mats are made with a revolutionary rubber foam that is non-toxic, meeting the standards of the European Union's Restriction of Hazardous Substances Directive, which limits the use of heavy metals in the production of goods.

Designed to replace PVC and EVA plastics, Gaia® mats do not contain ozone depleting materials, PVC, latex, or phthalates. Products made with the Gaia® material will not give off toxic fumes, allowing you to enjoy your workout without worry to your health or the environment!
